

A message regarding Coronavirus (COVID-19)

Dear Lower Saucon Customers,

Our number one value at the Bethlehem Landfill and our parent company Waste Connections, is the safety of our employees, our customers and the communities we serve. We are closely monitoring the current situation and are following guidance from the CDC, WHO, and our state and local officials. We recognize that the Coronavirus (COVID-19) outbreak has tremendous unknowns and could cause many unanticipated disruptions within our community.

We provide an essential service within our community and strive to meet our consumer commitments. At the Bethlehem Landfill we have developed and implemented business continuity plans to ensure our operations run as effectively as possible during this unique period. This will allow us to keep our commitment to provide the best possible service in a courteous, effective manner, and show respect and gratitude for those we are fortunate to serve.

Thank you and we greatly appreciate your patience and trust in us, Bethlehem Landfill and Waste Connections.
