

UNITED STATES OF AMERICA
FEDERAL ENERGY REGULATORY COMMISSION

Adelphia Gateway, LLC

Docket No. CP18-46-000

NOTICE OF APPLICATIONS

(January 23, 2018)

Take notice that on January 12, 2018, Adelphia Gateway, LLC (Adelphia), 1415 Wyckoff Road Wall, New Jersey 07719, filed an application under section 7(c) of the Natural Gas Act (NGA) and Part 157 of the Commission's rules and regulations requesting certificate authority to acquire and convert certain existing pipeline and auxiliary facilities, to construct additional auxiliary facilities, and to own and operate the existing and new facilities as an interstate natural gas pipeline system for its proposed Adelphia Gateway Pipeline Project located in Pennsylvania and Delaware. Adelphia plans to provide 250,000 Dekatherms per day (Dth/d) of natural gas transportation capacity from an interconnection with Texas Eastern Transmission, LP (Texas Eastern) in Bucks County, Pennsylvania to Marcus Hook, Delaware County, Pennsylvania, and 525,000 Dth/d of combined natural gas transportation capacity from an interconnection with Texas Eastern in Bucks County and an interconnection with Transcontinental Gas Pipeline Company, LLC in Northampton County to Martins Creek Terminal, Martins Creek, Pennsylvania, all as more fully described in the application which is on file with the Commission and open to public inspection. The filing may also be viewed on the web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (866) 208-3676 or TTY, (202) 502-8659.

Specifically, Adelphia proposes to (i) acquire an existing 84-mile, 18-inch-diameter mainline and 4.5-mile, 20-inch-diameter lateral gas pipeline, and existing appurtenant and auxiliary facilities, all of which are currently owned and operated in non-FERC jurisdictional service by Interstate Energy Company (ICE); (ii) convert a portion of these existing facilities from dual oil and gas intrastate transportation service to solely natural gas transportation service; and (iii) construct additional new facilities including two compressor stations totaling 11,250 horsepower, two pipeline laterals totaling 4.6-miles extending from the planned Marcus Hook Compressor Station to interconnections in Chester, Delaware County, Pennsylvania and Claymont, New Castle County, Delaware, and various M&R stations.

Additionally, Adelphia requests: i) a blanket certificate pursuant to Part 157, Subpart F and a blanket certificate pursuant to Part 284, Subpart G of the Commission's regulations; ii) approval of its proposed pro forma tariff and certain non-conforming

provisions in its firm service agreements with existing shippers on the IEC system; and iii) any such other authorizations and waivers as may be necessary from the Commission to allow Adelphia to undertake the activities described in its Application.

Any questions regarding this application should be directed to William P. Scharfenberg, Assistant General Counsel, Adelphia Gateway, LLC, 1415 Wyckoff Road, Wall, NJ 07719, or call (732) 938-1134, or e-mail: WScharfenberg@NJResources.com.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below file with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 7 copies of filings made in the proceeding with the Commission and must mail a copy to the applicant and to every other party. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the “eFiling” link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy regulatory Commission, 888 First Street, NE, Washington, DC 20426.

Comment Date: 5:00 pm Eastern Time on February 13, 2018.

Kimberly D. Bose
Secretary
