LOWER SAUCON TOWNSHIP REAL ESTATE TAX

Tax bills are sent out in early February. If a mortgage company pays your taxes, it is the *property owner's responsibility* to send the tax bill to your mortgage company.

To determine your tax amount, take the assessed value of your property and multiply it by the millage rate (*above*). For example, if your assessment is \$120,000.00, your Township tax would be \$616.80 - (120,000 X .00514). Assessed values are determined by the Northampton County Assessment Office and applicable State Law. If you do not know your assessed value, you can search your property at: www.ncpub.org.

Interim Real Estate Tax Bills

An interim tax bill (supplemental bill) is an addition to the regular tax bill due to an improvement to your parcel. The County assessment office sends changes to local taxing districts. An interim bill is produced at the local rate and is reduced proportionately to the number of months remaining in the tax year. Interim taxes will have a different discount, base, and penalty period than the original duplicate.
