Ms. Leslie Huhn  
Lower Saucon Township Council  
3700 Old Philadelphia Pike  
Bethlehem, PA 18015

Dear Ms. Huhn,

Thank you for the invitation to deliver a presentation at the Lower Saucon Township Council Meeting. PennEast remains committed to sharing information with landowners, public officials, the community, and other stakeholders.

Toward that end, PennEast land agents for the last several months have been engaged in discussions with landowners whose property could be involved directly with the PennEast Pipeline. Though a few landowners refuse to meet with or talk to the land agents, many landowners, including those within the Township, have chosen to provide beneficial input.

PennEast is in the process of meeting with those landowners who have expressed interest in offering valuable feedback. In October, PennEast began negotiating easement agreements with many of them. These negotiations address not only compensation for the easement, but also any property-specific concerns expressed by landowners.

Our staff is dedicated to maintaining the individual and ongoing level of outreach with landowners but is unavailable to participate in the Township's regularly scheduled meeting. As always, though, PennEast has numerous channels designed to address questions and obtain input from the public.

Those interested in gaining additional information or posing questions may call toll-free (844) 347-7119 or send an e-mail to [answers@penneastpipeline.com](mailto:answers@penneastpipeline.com). They also may visit [www.penneastpipeline.com](http://www.penneastpipeline.com). Additionally, they may continue to provide input on the proposed PennEast Pipeline through the PennEast docket (CP15-558-000) maintained by the Federal Energy Regulatory Commission (FERC).

Please let me know if you have additional questions or would like an individual briefing on the Project.  
Thank you.

Best regards,

Lawrence P. Godlasky  
PennEast Pipeline
