## Council Re-organization News

At the Lower Saucon Township Council re-organization meeting on January 2, 2018, Council welcomed a new member and approved re-appointments to the Township Boards and Committees.

Ryan Stauffer (*pictured to the left*), who was elected to a four-year term in November, was sworn in by Township staff member and notary,

Diane Palik. Mr. Stauffer, who lives on Bucknell Circle in the Township with his wife Kristen, graduated from Saucon Valley High School, then stayed in the Lehigh Valley receiving his bachelor's degree from Muhlenberg College. He attended the University of California, Irvine, where he received his Juris Doctor, and upon graduation served as a Law Clerk for a judge in the U.S. District Court for the Middle District of Pennsylvania. He is currently employed at Gross McGinley, LLP in Allentown. Mr. Stauffer was appointed as Council liaison to the Parks & Recreation Board, the Saucon Creek Watershed, Hellertown Area Library Board and will serve as an alternate for the Saucon Valley Partnership.

In other business, also sworn-in was Glenn Kern, who was re-elected to his fifth term in November. Council elected Sandra Yerger as President and Priscilla deLeon as Vice President.

## Be In The Know With Nixle

Nixle offers notification services for local police departments, county emergency management offices, municipal governments and their agencies within the United States. The Nixle service allows government agencies to send messages to local residents via phone, email and web. Information is delivered almost instantly. Nixle serves government agencies and organizations in all 50 states.

Lower Saucon Township Public Works and Police Department both utilize Nixle to send out information pertaining to road closures, construction, lost and found pets, neighborhood crime and suspicious activities. Alerts can be set-up to go directly to your mobile phone or any digital device.

You can access Nixle by visiting [www.nixle.com](http://www.nixle.com) and enter your zip code. At the top of the page, click "Sign Up" and fill in the required fields and hit accept. You will receive a single opt in welcome message. Reply yes to continue to receive SMS text messages. You can opt out at any point by sending STOP to 888777. Send HELP to 888777 for Information.

## Driving Tips from the LSTPD

Remember, if winter weather is forecast, eliminate all unnecessary travel. This will keep you and your family safe and allow clean-up crews to more easily perform its winter duties.

### WINTER DRIVING TIPS

- Carry a winter emergency travel kit.
- Listen to weather and travel advisories, but if you don't have to travel in bad weather, don't.
- Keep your gas tank at least half full.
- Slow down and increase following distance.
- Avoid sudden stops and starts.
- Beware of roads that may look wet, but are actually frozen, often referred to as "black ice".
- Use extra caution on bridges and ramps, where ice can often form without warning.
- Carry a cellphone.
- DO NOT use cruise control while driving on snow-covered roads.
- State law requires you to turn on your headlights when your wipers are on.
- Use your low beams in particularly bad weather, especially in cases of heavy or blowing snow.
- Remove ice and snow from windows, mirrors and all vehicle lights before you drive and as often as needed.
- Remove snow and ice from the hood and roof of your vehicle. State law states that if snow or ice from your vehicle strikes a vehicle or person and causes death or injury, you can be ticketed.
- DO NOT park or abandon your vehicle on snow emergency routes.
- DO NOT pass or get between trucks plowing in a plow line (several trucks plowing side by side).
- Make sure someone else knows where you are going and when you expect to arrive. In case you run into an emergency and need help, someone will know where to look for you.
- If you do become stranded, it's better to stay with your vehicle until help arrives. Run the engine every hour or so, but make sure the tailpipe is clear and keep the downwind window cracked open.
- DO NOT drink and drive, and always wear your seat belt.
- Preparation is also key to successfully navigating winter roads. Winter weather can bring unexpected conditions, so make sure that both you and your vehicle are ready for ice and snow.

During the cold winter months, we like to warm up our vehicles.

- DO NOT leave a running vehicle unlocked and unattended.
- A remote car starter keeps your car locked and the keys in your pocket!

Emergencies Calls: **911**  
Non-Emergency Calls: **610-759-2200**

## Curb & Sidewalk Maintenance

### **Who is responsible for clearing snow and ice from sidewalks?**

According to Municipal Code of Lower Saucon Township (§ 140-17) property owners and occupants are responsible for keeping sidewalks clear of snow and ice.

### **Why should I care if my sidewalk is clear of snow and ice?**

Many people rely on walking and transit as their primary source of transportation and without a wide, clear path through snow and ice, it is especially difficult for people with disabilities, seniors, and children to walk safely. We are all pedestrians and benefit from having a safe, clear, and continuous path to travel.

### **How long do I have to clear my sidewalk?**

Within 36 hours of the termination of any fall of snow or accumulation of ice. Residents are also reminded not to throw snow from your sidewalks and driveway onto the roads.

### **How much snow do I need to clear to comply with the Ordinance?**

You should clear at least a 30 inch path along the sidewalk, where conditions allow. This width allows pedestrians in wheelchairs, people with children in strollers, students walking to school, and individuals with assistive devices mobility and access.

### **What happens if I don't clear my sidewalk?**

Individuals and businesses who do not comply with the Curb and Sidewalk Maintenance ordinance can face fines of \$50 or more set upon by the District Magistrate. You are able to report violations to the Township by calling and reporting the full address **610-865-3291** or emailing [zoning@lowsaucontownship.org](mailto:zoning@lowsaucontownship.org).

### **What happens if I am physically unable to clear my sidewalk of snow and ice?**

As a property owner, while you may be physically unable to clear snow and ice from your sidewalk yourself, it is still your responsibility to ensure that sidewalks along your property are cleared. Consider hiring a contractor or asking a neighbor to help.

## Mailbox Numbering

Did you ever stop to think how easy it is to locate your house? If you placed a call through the 911 system and a first responder was sent to your home, would they be able to find it? Well, the key to a quick response in an emergency is proper identification. Many residents likely are not aware that the Township Code has specific requirements for identifying your home, specifically "Numbering of Buildings". Below are sections from Chapter 69 of the Township Code (available online).

The street address number shall be displayed in the following manner:

A. General requirement – The required displays of the street address number shall be in four Arabic numbers. Additional apartment and suite numbers shall also be established for multiple-tenant properties.

B. Mailbox – If there is a freestanding mailbox located on the property in a location that would readily identify the designated street address number, the street address number shall be placed on both sides of the mailbox or supporting structure or on both sides of an attached sign. Neat numbers not less than two inches high shall be used. If any requirements of this chapter conflict with requirements of the United States Postal Service, the Postal Service requirements shall govern.

C. Front yard or building face – In the event that there is no freestanding mailbox located on the property in a location that would readily identify the proper street address number or if the mailbox is located in a group of mailboxes or on a street other than that of the designated street address number, the street address number shall be displayed on the mailbox.

D. Multiple-occupant buildings – In the case where a building is occupied by more than one entity for residential or nonresidential purposes, the street address number shall be displayed in the manner indicated above. In addition to the normal display, the main entrance door to each occupied space shall display the apartment or suite number in characters at least one inch in height. This display to be located between four feet and six feet above the level of the floor outside the entrance door.

## 2017 - 2018 Real Estate Tax

As a property owner in Lower Saucon Township, you will receive three (3) real estate tax bills per year. They are:

**Lower Saucon Township Real Estate Taxes –**  
5.89 Mills (.00589) - (5.39 & Fire Appropriation .50)

**Northampton County Real Estate Taxes –**  
11.8 Mills (.0118)

**Saucon Valley School District Real Estate Taxes –**  
53.03 Mills (.05303)

Tax bills were sent out in early February. If a mortgage company pays your taxes, it is the *property owner's responsibility* to send the tax bill to your mortgage company.

**Billing Date** February 1, 2018

**Discount – 2%** Due: April 2, 2018

**Base Due:** June 1, 2018

**Penalty – 10%** After: June 1, 2018

Please note that Lower Saucon Township Council has approved the use of installment payments as of 2018. Please note due dates on your installments if you choose that option.

## PennDOT Roads

The following roads in Lower Saucon Township are maintained by PennDOT. The Township DOES NOT plow or maintain these roads:

- Route 378
- Route 412
- Lower Saucon Road between Easton Road & Williams Township line
- Seidersville Road from Hickory Hill Road west to the Salisbury Twp. line
- Easton Road from Cherry Lane to Williams Township line
- Riverside Drive between Shimersville & Redington Roads
- Friedensville Road between Bingen Road & Hellertown line
- Hickory Hill Road between Seidersville & Friedensville Road
- Applebutter Road between Lower Saucon Road, City of Bethlehem line & Shimersville Road
- Bingen Road between Black River Road & Friedensville Road
- Black River Road between Route 378 & Bingen Road
- Redington Road between Lower Saucon Road & Riverside Drive
- Flint Hill Road between Route 412 & Springfield Twp. line

If you have any problems relating to snow, potholes, road conditions, signs on these roads, or any other reason, please call PennDOT at (610) 250-1840.

## How to Recognize a Pipeline Leak

Use your senses of smell, sight and sound to identify a potential pipeline leak. Signs of a leak may include:

### SIGHT:

Dead or dying vegetation near the pipeline, oily sheen on water, pools of liquid on the ground near the pipeline, dirt or debris blowing into the air, fire or a dense white cloud or fog

### SMELL:

Strong petroleum scent or other pungent odor, a smell similar to rotten eggs, or sulfur, if odorant is added

### SOUND:

Hissing, gurgling or roaring sound

### What to Do if a Leak Occurs

Take these steps to ensure your safety and the safety of others if a pipeline leak is suspected or detected:

- Leave the area immediately in an upwind direction.
  - Call 911.
- Call the Interstate Energy Company emergency number, **800-747-3375**, to notify us of the location.
- Turn off any equipment and eliminate any ignition source, if able to do so without risk of injury.

### What Not to Do if a Leak Occurs

- Do not come into direct contact with any escaping liquids or gas.
- Do not start any motor vehicles, electrical equipment or use cell phones while in the area.
- Do not attempt to operate any pipeline valves.
  - Do not attempt to extinguish a petroleum product or natural gas fire.

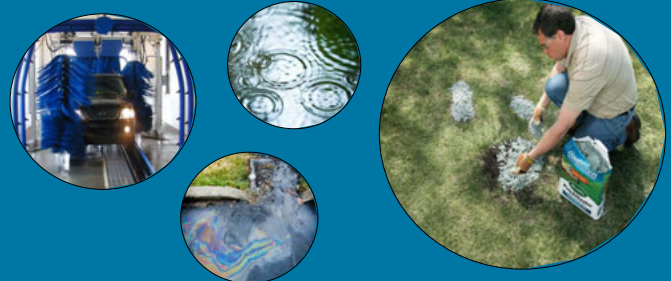

**Know what's below.  
Call before you dig.**

## 10 Things You Can Do to Prevent Stormwater Runoff Pollution

1. Use fertilizers sparingly and sweep up driveways, sidewalks, and gutters.
2. Never dump anything down storm drains or in streams.
3. Vegetate bare spots in your yard.
4. Compost your yard waste.
5. Use least toxic pesticides, follow labels, and learn how to prevent pest problems.
6. Direct downspouts away from paved surfaces; consider a rain garden to capture runoff.
7. Take your car to the car wash instead of washing it in the driveway.
8. Check your car for leaks and recycle your motor oil.
9. Pick up after your pet.
10. Have your septic tank pumped and system inspected regularly.

For more information, visit [www.epa.gov/nps](http://www.epa.gov/nps) or [www.epa.gov/npdes/stormwater](http://www.epa.gov/npdes/stormwater)

## SV Conservancy Holds Holiday Open House

*The tall clock, circa 1760s, was made in Dublin and on loan from Kathy Johnson.*

The Michael Heller Homestead was decked out for the Holidays at the Saucon Valley Conservancy's Holiday Open House.

The Saucon Valley Conservancy held their annual Holiday Open House, on December 4<sup>th</sup>, to celebrate exciting new exhibits in the Michael Heller Homestead including a new artifacts room and the public unveiling of History Panels by local artist Ken Raniere. These panels tell the history in words and pictures of the Heller Homestead and the many families who lived there.

The festive mood was enhanced by beautiful holiday décor and great food. Music by Ken Ulansey kept up the Christmas spirit. Ken Raniere's signature holiday artworks graced the gallery, and visitors milled about the house to see the Homestead's period rooms dressed up for Christmas in the appropriate period style.

The Conservancy wishes to express thanks for the support of visitors, the addition of new members, and the donations that help keep the Heller Homestead intact and educational.

## Hellertown Area Library News

Show your library some love! Check-out the news from the **Hellertown Area Library!**

There are some great things happening at the Hellertown Area Library this spring! Our book clubs are meeting monthly. Our afternoon group meets the second Monday of each month at 1:00 p.m. and our evening group meets the first Monday of each month at 6:30 p.m. Come and join us for a lively discussion with fun people. Check our website for book selections. Adults are also invited to join us each month for a craft night. We will feature a new craft at each meeting so join in anytime. No experience necessary! We will be hosting a new writing group, and other activities for adults so check in often.

Our website calendar also features family, teen and youth programs that run all year long. We have weekly story times for young children of all ages, as well as evening story times for families. Our teen group is very active with multiple meetings each month. Be sure to look for Lego Challenges, Preschool Science Programs, Movie Nights, and the After School Math Club too!

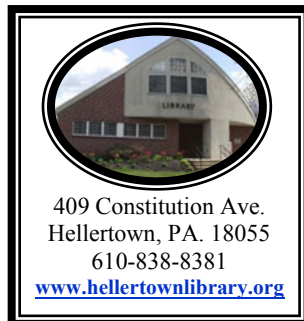

Young readers can stop in anytime to participate in the "Bookworm Reading Program". Every time you read a book, fill in a box on your tracking sheet. When your sheet is full, bring it back to the library to add another segment to your bookworm. If your bookworm reaches five segments long by the end of May, you'll be invited to our special bookworm party!

In June we will be starting our summer reading program for 2018, entitled "Libraries Rock"! Come find out why as we celebrate the joys of music and reading! Sign up to earn rewards with our weekly reading program and attend lots of exciting new programs as well as some returning favorites like "wet" story time, "chalk and bubbles" story time, Lego building, preschool science, family nights, firefly night and much more! There is always something fun to do at the library!

For information on any of our programs or any questions, please check our website at <http://hellertownlibrary.org/> or call us at 610-838-8381. Follow us on social media too!

<https://www.facebook.com/HellertownAreaLibrary/>

409 Constitution Ave.

[www.hellertownlibrary.org](http://www.hellertownlibrary.org)

Lower Saucon Fire Rescue is a partnership of the Se-Wy-Co and Southeastern Fire Companies' serving the area of Se-Wy-Co, Leithsville and Southeastern portions of Lower Saucon Township (also known as Wassergass and including areas of Lower Saucon Township with a Hellertown address) and back up coverage to the Steel City area. Fire-rescue services are provided exclusively by volunteers, the majority of which hold national certification and training in firefighting and rescue.

We are always looking for new members and all training and equipment is provided free! You do not have to be an active firefighter to help. We are also in need of help with bookkeeping, station maintenance, vehicle maintenance, equipment repair, fundraising and other duties.

For more information, visit us on Facebook or stop by one of the fire stations on a Monday night.

Thank you for your support.

--Bryan Evans

### PROTECT YOURSELF FROM HOME HEATING FIRES

Facts about home heating fires from the United States Fire Administration:

- From 2013-2015, an average of 45,900 home heating fires occurred in the United States each year. These fires caused an annual average of approximately 205 deaths, 725 injuries and \$506 million in property loss.
- Heating was the second leading cause of home fires after cooking.
- Home heating fires peak in the early evening hours between 5:00 p.m. and 9:00 p.m. with the highest peak between 6:00 p.m. and 8:00 p.m. This four-hour period accounted for 29 percent of all home heating fires.
- Home heating fires peaked in January (21 percent) and declined to the lowest point from June to August.
- Confined fires — fires confined to chimneys, flues or fuel burners — accounted for 75 percent of home heating fires.
- Twenty-nine percent of the non-confined home heating fires — fires that spread past the object of origin — happened because the heat source (like a space heater or fireplace) was too close to things that can burn.

For more information visit <https://www.usfa.fema.gov/prevention/outreach/heating.html>

## SAUCON VALLEY COMPOST CENTER

### Compost Center ID Cards

The laminated multi-year ID card will continue to be used at the Compost Center. Residents who need a new or replacement ID card can pick them up at the Borough or Township offices during regular business hours.

The ID cards should be displayed to the gate attendant when you visit the Compost Center and can be used by all members of the residence it is issued to. The Compost Center reserves the right to confirm the identification of the card holder, if there is a suspicion that the card is being misused for non-resident or commercial purposes.

### Contractors

Landscaping contractors hired by a resident of Hellertown Borough or Lower Saucon Township may drop off brush/yard waste/leaves only with a signed invoice and/or the resident's ID card.

### Tarping Requirements

Visitors to the Center are reminded that per Pennsylvania State Law all loaded trucks or trailers must be covered with a tarp when traveling on any public road and when dropping off or picking up materials at the compost center.

### Volunteers Needed

The Saucon Valley Compost Center is recruiting volunteers to assist with the operation of the Center. Due to municipal funding limits, operating hours of the Compost Center cannot be extended beyond the current schedule at this time. However, expanded hours could be considered in the future if more volunteers step forward to assist at the facility. If you are interested in volunteering your time to help out at the Center, please contact the Township at [manager@lowersaucontownship.org](mailto:manager@lowersaucontownship.org) or the Borough at [c.hartranft@hellertownborough.org](mailto:c.hartranft@hellertownborough.org).

Training and equipment will be provided to all volunteers.

## *A Honor for Ron*

Council honored Ronald Horiszny on January 17<sup>th</sup> as his term came to an end. He served the citizens of Lower Saucon Township for over 12 years as a Township Council Member, first being appointed on June 1, 2005 to fill a vacant seat, then being elected for three consecutive four-year terms beginning January 1, 2006, and serving as

Council President for the entirety of his final term, which concluded on December 31, 2017.

In addition to his service on Township Council, Ron has been an active member of many boards and committees including the Landfill Committee, Parks & Recreation Board, Historical Society, Yard Waste Recycling Committee, Hellertown Area Library Board, Lower Saucon Authority Board and Fire Services Committee. Ron has also volunteered his time and effort to support many worthy causes including Habitat for Humanity, Wildlands Conservancy, and Se-Wy-Co Volunteer Fire Company, with whom he has served as a Volunteer Fire Policeman for many years.

We will miss you Ron, thank you for your service!
