

# Home Water and Septic System Workshop

**Monday, March 18, 2019**

**1:30 -3:30 pm & 6-8 pm**

**Snow Date – Tuesday, March 19, 2018**

**Gracedale Nursing Home Conference Room  
2 Gracedale Ave  
Nazareth, Pennsylvania 18064**

Wells and springs supply water to many residents of the Lehigh Valley. Many residents also rely on on-lot septic systems to treat and dispose of their wastewater. This workshop will provide information on protecting, testing and treating private water supplies. We will discuss septic system inspection and maintenance. Learn how to protect your health, your property and our shared groundwater and surface water resources.

Instructors – Peter Wulfhorst, Penn State Extension – Pike County  
Bryan Swistock, Water Resources Extension Associate

**Free, but pre-registration required**

The workshop registration for either the afternoon or evening Nazareth workshop location is at

<https://extension.psu.edu/home-and-septic-workshop>

Or call 877-345-0691 to register by phone

**Free Drinking Water Testing**

Free drinking water testing will be provided for up to 60 registrants. Results from simple test can help guide you in future testing by accredited labs. Sample collection instructions will be provided to registrants. Support provided by the Master Well Owner Network grant from PA DEP and PGWA.

The Pennsylvania State University encourages qualified persons with disabilities to participate in its programs and activities. If you anticipate needing any type of accommodation or have questions about the physical access provided, please contact 610-813-6613 in advance of your participation or visit.

This publication is available in alternative media on request.
