

Design Our Township's Next Little Free Library!

Lower Saucon Township is building our next Little Free Library, and we'd like your help! Continuing the program that was initiated last year in Polk Valley Park, the site of this latest library will be Steel City Park, located at 2122 Riverside Drive, Bethlehem, PA 18015.

Just as a Little Free Library is a part of the community, we believe the community should be a part of the library. Whether you love books, designing, or simply helping to improve our parks, we want to hear from you.

Submission Guidelines:

- Participates must live within the Saucon Valley School District
- Submissions must be sent to info@lowersaucontownship.org no later than Tuesday, April 30, 2019
- Design must show a minimum of two angles (front and side)
- Library must be able to hold at least 36 books, be able to fit atop a 4x4 post, and be weatherproof
- Themes relating to books, reading, Lower Saucon Township, or Steel City are preferred

Submissions will be evaluated by the Parks and Recreation board and a finalist chosen by the Lower Saucon Township Council. Construction and installation will be completed by Lower Saucon Township. All submissions may be kept on file for use at a later date.
