

1. Allside swales shall not be obstructed by grading or driveway construction.
2. Roadwork shall to be performed in accordance with Township Ord. 2007-01.
3. Nothing shall be placed in any drainage conveyance facility in such a manner as to obstruct free flow.
4. The property boundaries are based on a field survey performed in 2015. The survey bearing angles and elevations are calculated by the use of GPS based on Pennsylvania South Zone State Plane Coordinate System - NAD83.
5. The contours in the area of the proposed development are based on a field survey. The contours on the west of the site are based on an aerial survey performed by NorEast Mapping in 2015.

I hereby certify that I have designed all site and public improvements and have identified all floodplain limits as required for this subdivision or land development.

Registered Engineer  
Registration No. PE036737E
